HASSAN LODHI

Front End Developer

About Me

I am a passionate and Web and Mobile App Developer with problem-solving skills and proven experience in creating and designing. Working on various projects on React JS and React Native . I am also pursuing my bachelor's degree from Hamdard University and a 4th year student of Computer Science. I am a keen learner who wants to make move towards new technology and likes to integrate to a new system.

PROJECT

REACT PROJECT
